

Timely Industries is the leading manufacturer of pre-finished steel door frames. Timely has over 25 years experience manufacturing Fire-Rated Door Frames, Sidelites, Borrowed Lites, Communicating Door Frames, Pocket Door Frames and Adjustable Door Frames for Division 8 construction.

CAD drawings and architectural specifications are available to assist architects and contractors throughout the design and construction phases.

Timely frames are available in a variety of finishes and metals including galvanized, stainless steel and brass to compliment any decor.

Timely frames are the perfect solution for steel stud and drywall construction! They are easier and faster to install than conventional hollow metal frames.

Don't get caught in a JAMB, use Timely!!!
